

Tired, Nervous Mothers

Make Unhappy Homes—Their Condition Irritates Both Husband and Children—How Thousands of Mothers Have Been Saved From Nervous Prostration and Made Strong and Well.

Mrs. Chester Curry

Mrs. Chas. F. Brown

A nervous, irritable mother, often on the verge of hysterics, is unfit to care for children; it runs a child's disposition and reacts upon herself. The trouble between children and their mothers too often is due to the fact that the mother has some female weakness, and she is entirely unfit to bear the strain upon her nerves that governing children involves; it is impossible for her to do anything calmly.

The ills of women act like a firebrand upon the nerves, consequently nine-tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the female organism.

Do you experience fits of depression with restlessness, alternating with extreme irritability? Are your spirits easily affected, so that one minute you laugh, and the next minute you feel like crying?

Do you feel something like a ball rising in your throat and threatening to choke you; all the senses perverted, morbidly sensitive to light and sound, pain in the abdominal region, and between the shoulders; tearing-down pains; nervous dyspepsia and almost continually cross and snappy?

If so, your nerves are in a shattered condition, and you are threatened with nervous prostration.

Proof is monumental that nothing in the world is better for nervous prostration than Lydia E. Pinkham's Vegetable Compound; thousands and thousands of women can testify to this fact.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's ills.

Mrs. Chester Curry, Leader of the Ladies' Symphony Orchestra, 42 Saratoga Street, East Boston, Mass., writes:

"For eight years I was troubled with extreme nervousness and hysteria, brought on by irregularities. I could neither enjoy life nor sleep nights. I was very irritable, nervous and despondent.

"Lydia E. Pinkham's Vegetable Compound was recommended and proved to be the only remedy that helped me. I have daily improved in health until I am now strong and well, and all nervousness has disappeared."

Mrs. Charles F. Brown, Vice-President of the Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

"I dragged through nine years of miserable existence, worn out with pain and nervousness, until it seemed as though I should die. I then noticed a statement of a woman troubled as I was, and the wonderful results she derived from Lydia E. Pinkham's Vegetable Compound. I decided to try it. I did so, and at the end of three months I was a different woman. My nervousness was all gone, I was no longer irritable, and my husband fell in love with me all over again."

E. Pinkham's Vegetable Compound is the medicine that holds the record for the greatest number of actual cures of female ills, and take no substitute.

Free Advice to Women.

Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, Lynn, Mass., invites all sick women to write to her for advice. Mrs. Pinkham's vast experience with female troubles enables her to advise you wisely, and she will charge you nothing for her advice.

WHAT'S DOING IN BUCKEYEDOM

FULL LIST OF APPOINTMENTS MADE BY STATE CHAIRMAN DICK.

Attempt to Destroy Trestle—Sheeley's Second Trial—Fagin Before the Grand Jury.

Columbus, O., Sept. 26.—In addition to himself, Malloy and Burdell, officers of the Republican campaign committee, Chairman Dick appointed the following to serve as members of the committee: A. D. Alderman, Marietta; J. D. Bemis, Fremont; W. C. Bishop, Batavia; W. G. Bowland, Columbus; P. J. Brady, Cleveland; John B. Clingman, Springfield; William Copeland, Cincinnati; C. K. Davis, Glenroy; John H. Fitch, Youngstown; Julius Fleischmann, Cincinnati; W. T. Francis, Chicago; H. F. Hancher, Caldwell; F. H. Hazzard, Cleveland; G. D. Heisey, Newark; H. H. Hollenbeck, Chardon; Malcolm Jennings, Lancaster; R. P. Kennedy, Bellefontaine; Alex. Kiskadden, Tiffin; T. H. McConica, Findlay; W. E. Marsh, Akron; C. J. Mattern, Dayton; W. B. Morey, Wapakoneta; D. Q. Morrow, Hillsboro; R. R. Nevin, Dayton; E. P. Nichols, Medina; F. V. Owen, Mount Vernon; F. P. Riegler, Bowling Green; L. C. Sedgwick, Martin's Ferry; F. W. Treadway, Cleveland; John B. White, Bryan.

Attempt to Destroy Trestle.

Cleveland, O., Sept. 26.—An alleged plot to destroy the Nickel Plate trestle in this city was reported to the police. An infernal machine containing 22 sticks of dynamite, equipped with four dry batteries, fuses and a clock set for 3 a. m., was found by a switchman and turned over to the railroad officials, who later gave it to the police. It is alleged that dynamite was thrown from the platform of a Nickel Plate passenger train about 2 a. m., but failed to explode. That repeated concussion did not explode the bomb is ascribed to the fact that it was heavily wrapped in rags. This is the second alleged attempt to destroy the trestle.

Second Trial.

Wapakoneta, O., Sept. 26.—For the second time Isaac Sheeley will be placed on trial Dec. 3 on the indictment of complicity of dynamiting the bulkhead of the St. Marys reservoir. Sheeley was given a trial last spring lasting several weeks. The jury failed to arrive at a verdict. Sheeley, together with a number of other well-known farmers, was arrested on a confession of Riley Colton and Park Wright, who are serving sentence of five years each in the Ohio state penitentiary for the offense. They allege that they were hired to do the work by Sheeley and others.

Fagin Before Grand Jury.

Cincinnati, O., Sept. 26.—At his own request United States Marshal Vivian J. Fagin was summoned and went before the grand jury. The jury last Saturday investigated charges filed by the election board against Fagin, and it is presumed he went before the body in connection with those charges and made counter charges against his accusers. Fagin was closeted with the grand jury nearly an hour, and on emerging from the jury room said: "This thing is not through yet, and before it is there will be five or six people indicted for perjury."

May Survive.

Columbus, O., Sept. 26.—Despite the fact that both jugular vein and windpipe are cut through, the result of an attempt on his own life, Isaac Schaub, a peddler, lies in a hospital with the chances in favor of his recovery. His condition is very critical, but unless complications set in physicians expect his recovery. His health is supposed to have led to his attempt to take his own life.

Drowned in Lard Can.

Columbus, O., Sept. 26.—Mabel Comber, the 14-months-old child of Charles Comber, was drowned by falling headlong in a large lard can filled with water. The child was playing with a tin cup and dropping it into the can, endeavored to get it out, with the result that the child fell headlong into the can and was drowned before the mother could reach it.

Husband's Deed.

Hamilton, O., Sept. 26.—Adam Hage, white, found William Edwards, colored, in company with his (Hage's) wife. Hage, who is an invalid, fired two barrels of a shotgun at Edwards' head at short range. Half of his face was practically blown off. Edwards was taken to Mercy hospital in a dying condition. Hage was arrested.

Individual Water Cues.

Urbana, O., Sept. 26.—Hereafter children who drink in the public schools of Urbana must have their own individual cups. This is the anti-germ editor of the board of education. No cups are placed at the drinking places, and if the pupil has forgotten to bring his cup he must go thirsty.

Candidates For Congress.

Cincinnati, O., Sept. 26.—The Hamilton county Democrats nominated Thomas Bentham in the First district and John Meyer in the Second district for congress. The Republican nominee for re-election in the First district is Congressman Longworth.

Took Big Dose.

Portsmouth, O., Sept. 26.—Mrs. Michael Burns swallowed enough morphine with suicidal intent to kill three persons. She may recover. Jealousy led to the attempt at self-destruction.

INTERESTING FACTS

For Nearly Every Man, Woman or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and the claim then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package costing but 70 cents at any drug store made a complete cure and in every instance the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the latest but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine, unsolicited testimonials and never publish the same one twice.

From James Yemmelser, LaCrosse, Wis.: Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried and I was so pleased at results that I gave away several boxes to my friends who have also had the same benefits.

From Jacob Anthony, Portmurray, New Jersey: I have taken Stuart's Dyspepsia Tablets with the best results. I had Dyspepsia for 6 years, and had taken a great deal of medicine, but the Tablets seem to take right a hold and I feel good. I am a farmer and lime burner and I heartily recommend to everyone who has any trouble with his stomach to use these Tablets.

From Mrs. M. K. West, Preston, Minn.: I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one-half of my last box to a friend who also suffered from indigestion and she had the same good results.

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles only, and physicians and druggists everywhere recommend them to all persons suffering from Nervous Dyspepsia, sour or acid stomach, heartburn, bloating or wind on stomach and similar disorders.

PLAYS AND PLAYERS.

Anna Held will star in "A Paris Model," by Harry B. Smith, next season.

Helen Whitman, now playing with the John P. Harris stock company at the Olympia Park theater, McKeesport, Pa., announces that she is under contract with the Kirk La Shelle estate for the coming season.

Henry B. Irving will open his American tour at the New Amsterdam theater, New York, Oct. 8 in Stephen Phillips' "Paola and Francesca." He will be supported by Dorothy Baird and an English company.

Maurice Campbell announces that Ernest Denny, who wrote "All of a Sudden Peggy," which had such a long run at the Dukes of York's theater in London last season, will come over for the first performance of the play given in America by Henrietta Crossman.

Miss Violet Dale, known well as a mimic in the variety theaters, has been engaged for an ingenue role in "The Strenuous Life," the farce in which Joe Weber is to star William Norris. Scott Cooper also has been engaged for the farce. He was in the original cast of "The New South."

Robert Mantell is to make up next season of W. S. Gilbert's burlesque, "Rosencranz and Guildenstern," which the author of "Pinafore" and "The Mikado" wrote as his criticism of "Hamlet." The announcement by William A. Brady adds that Mr. Mantell will appear as King Claudius.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent bottle of Swamp-Root is sold by all good druggists.

Don't make any mistake, but remember the name Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

OLD VETERANS MEET IN HEBRON

REUNION OF THIRTY-FIRST OHIO REGIMENT, WHICH FOUGHT AT ATLANTA IN CIVIL WAR.

Two Veterans Whom Fellow Commanders Have Not Seen Since '65 are to Attend.

Hebron, Sept. 26.—Two veterans whose fellow survivors have not seen since 1865 are expected to attend the reunion of the 31st Ohio regiment, volunteer infantry, which will be held at Hebron, Thursday. These veterans live in Missouri and on account of the distance have been unable to take part in the festivities of their comrades. This year, however, they are making a special effort.

The association will be called to order at 10 o'clock in the morning and in the evening a rousing camp fire will be held. It is expected that a large number of the veterans will be present. This regiment fought at Atlanta.

C. L. Williams of Columbus, is president and S. A. McNeil is secretary. The reunion committee of Hebron consists of Spencer Holtsberry, C. C. Marsh, H. D. Burch and J. W. Oldaker.

Mayor's Proclamation.

Newark, O., Sept. 10, 1906. Know all men by these presents:

It is not good to be alone, even in sorrow, much less in joy; neither is it good to spend one's life in strenuous endeavor, to toil the earth over to see the good things which earth can well see at home.

Therefore, I, Samuel H. McCleery, Mayor of Newark, O., do hereby and hereon endorse the free and unlimited attendance at the Licking County Fair, October 2, 3, 4, 5 and 6.

It will give friends far apart an opportunity to visit without incurring a social obligation. Friends who live close together should be there and quarrel over their line or their respective chickens.

In making this proclamation, I do so in interest of that ever engaging industry—matrimony. By all means that the young men with the little sorrel pacer, come with his girl and forbid him not for of such is the 94 per cent of the county fair.

The fellow who killed 28 squirrels in one afternoon in 1849 in the Mulberry tree where the amphitheatre now stands, will be given another chance; time will be given to him to make his peace with the powers before he joins Munchausen.

Let the scholar, the dreamer, the romancer commune with the shades of the departed race who erected the Old Fort. Let them gaze on the mighty works still standing after lapse of unnumbered ages.

Let him look and think and think and look while the small boy foundered himself with red lemonade, and roasted peanuts or drops a fishing worm down the back of the nervous lady with ringlets.

Witness my hand and seal this 10th day of September, 1906, and the absence of a Notary Public, a Justice of the Peace or any other competent person.

(Signed) SAMUEL H. MCCLEERY, Mayor of the City of Newark.

Most disgusting skin eruptions, scurf, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.

CLAY LICK.

Manager Carl Hickey of the local baseball team, complains that the business men of our town, the chief beneficiaries of the games played here during the season, have not supported their team financially as they should.

Mrs. E. Laws, who has been seriously indisposed for several weeks, is slowly convalescing.

Mr. and Mrs. Jesse Cartmell and family, will soon remove to Hanover much to the regret of their many Clay Lick friends.

Phil Wickham was a Newark visitor Saturday.

Rev. Mr. Harter of Newark preached his farewell sermon at the local chapel Sunday evening. It is earnestly desired by all that he be returned here the coming year.

Master Edwin Phalen is attending school near here. He resides in Newark.

J. C. Morrison was the guest of Newark relatives Saturday of last week.

Mae Mossman was in Newark Saturday in the interest of his famous Licking county map.

The local ball team played a team from Newark Sunday and won a decisive victory.

Prof. John Ried and lady friend of Newark were the Sunday guests of friends south of town.

Stephen Vermillion of Newark, visited his friends here Sunday.

Everybody in the village and all the country round about is much pleased because of hearing that the store at the station will be enlarged.

The trial of the injunction case of the Village of Hebron vs. The Columbus Natural Gas and Fuel Co. was passed Wednesday afternoon until Thursday morning. This temporarily removes the seat of the Hebron gas war from Hebron to Newark. The contention of the village of Hebron is to prevent the C. N. G. Co. from laying their pipes into and connecting with the I. C. & E. Traction Co.'s power house.

The gas company do not desire to sell gas to consumers in Hebron other than the power company, but had secured from the electric road company a contract for fuel to be operative on October 1st next, thus displacing the Logan Natural Gas company, which has been furnishing fuel to the power house for about two years. The Logan company is standing with the Village of Hebron in the contention, having promised a certain concession to the village if the village in turn would prevent the Columbus people from coming in. The concession is a rate of 15 cents a thousand to the villagers, or a reduction of 10 cents per thousand on the original prices charged. The Logan people further offer to give the village free gas for street lamps and the village buildings. Slabaugh, Jones & Jones; Kibler & Montgomery.

In the case of A. A. Stasel, receiver, etc., vs. J. M. Swartz, the defendant has filed an amended second defense to the petition of the plaintiff, which is a creditor's bill, in which he says that it is not true that Charles M. Rider, garnishee, is indebted to him, Swartz, in the sum of \$1,500, but that he is indebted in the sum of \$173.47; he says that he is married, the head and support of a family; that he is not the owner of a homestead and that he is entitled to hold exempt from being applied to the payment of plaintiff's claim personal property of the amount of \$500. He asks that the money due from Rider to him be ordered by the court to be exempt, and that the executors of Rider's estate be ordered out of the funds in their hands belonging to C. M. Rider, to pay the same to the said Swartz.

Sue for Alimony.

In the Common Pleas Court, Pearl Jarrett has commenced suit against her husband, Edwin B. Jarrett, for alimony. The parties were married Oct. 21, 1898, and there has been a separation between the parties on account of the habits of the defendant, plaintiff claiming that he has been a habitual drunkard and wastes all his earnings for liquor and that most of his time is spent in idleness. Defendant says that on Sept. 24, 1906, her husband assaulted and drove her from the house, threatening to blow up the house, and that he would shoot and kill her, and that he is in the habit of calling her vile and indecent names and making false charges against her. She says that she has just cause to fear that her husband will kill her. She asks that defendant be enjoined from selling or transferring certain notes and also asks that he be enjoined from coming to her home. She asks for alimony so that she may be enabled to live apart from defendant. Smythe & Smythe, attorneys.

WEDDINGS.

FULTON-DAVIS.

Mr. J. Gilbert Fulton, son of Mr. and Mrs. John Fulton, prominent farming people of the Cherry Valley, and Miss Helen M. Davis, the accomplished daughter of Mr. and Mrs. Henry Davis, of Union township, were married on last Saturday night. The ceremony was performed by the Rev. L. S. Boyce, at his residence, on Locust street, at 7:30 o'clock, in the presence of several intimate friends of the contracting parties. The happy couple left for a short wedding trip, and on their return will make their home in the Cherry Valley. They have the best wishes of a host of friends.

VERNON-CUSICK.

Miss Mary E. Cusick, a highly respected young lady of Cambridge, and Mr. R. A. Vernon, a prominent and well-known B. & O. engineer, of Newark, were married Sunday evening, September 23, at the parsonage of Rev. C. E. Sheppard, of Cambridge, as previously announced in the Advocate. Mr. and Mrs. Vernon have the best wishes of both their Newark and Cambridge friends. They will make their home in Newark.

MASSEY-HILLIARD.

The wedding of Miss Gladys Evelyn Hilliard, the oldest daughter of Attorney and Mrs. J. V. Hilliard, of West Church street, to Mr. G. Hubert Massey, a mechanical engineer, with H. B. Smith & Company, of Philadelphia, will take place at the Hilliard residence, at 6 o'clock this evening, the Rev. T. L. Kiernan, of Plymouth Congregational church, officiating.

A large number of guests have been invited, including many from out of the city. Immediately following the wedding ceremony and dinner, the bride and groom will leave for Atlantic City and other points in the east. They will be at home after Oct. 1st, at 1742 Green street, Philadelphia.

JONES-SAMBROOK.

A culmination of a very pretty little romance will occur in this city on Thursday evening. Years ago Mr. Frank G. Jones, a skilled miller employed at the Levan Jones flouring mill in this city, and Miss Sarah Ann Sambrooke were playmates together in Newton, North Wales, and formed a strong attachment for each other. At this time they returned to their home and their love was plighted. Some time ago Mr. Jones came to America in search of fortune, which he has since earned in New York. When he left Wales it was with the understanding that as soon as he was able his sweetheart was to join him and he has for some time been looking eagerly forward to the time when he could claim his bride. A short time ago he wrote for Miss Sambrooke to join him in New York where they would be married, and commence the new life together. Mr. Jones and Miss Sambrooke are now in this country and arrived here on Thursday of last week, and have been visiting at the home of Mr. Evan Jones on North Fourth street. The marriage is to take place Thursday night at the home of Mr. Jones and Rev. Mr. Warner, the well-known Welsh minister will perform the ceremony. Mr. Jones is erecting a new house on Eleventh street, in the Weddick addition, which they will occupy in several weeks.

"The Republicans failing to nominate a candidate known to stand for high moral ideas, can expect little else than defeat at the polls this fall. The promise to secure appropriations for a few public buildings will not bolster up the intemperance and immorality of any candidate."—Wooster Herald.

J. W. Hursey, Candidate for Clerk of the Court.

Mr. Jesse W. Hursey, who is the Democratic nominee for Clerk of the Court and a candidate for re-election to a second term, is one of Licking County's most popular and best known citizens. When Mr. Hursey was elected to the office three years ago he had been the deputy in the office for several years under his predecessor and had acquired an intimate knowledge of the many details of the office. It was a mark of his strength and popularity at that time that he was nominated by his party by popular

J. W. HURSEY.

vote at the primaries without opposition. And the high regard in which he was held by the people at that time was further emphasized by the manner in which he was elected, his vote being 150 greater than the head of the Democratic ticket.

Mr. Hursey comes from staunch Democratic stock, and is a thoroughgoing Democrat himself. He followed the profession of school teaching for a number of years in which honorable pursuit he attained eminent success.

In his official capacity as the office of Clerk of the Court Mr. Hursey has not only rendered himself popular with the general public but he stands in special favor with the members of the Newark bar and has their utmost confidence on account of his superior efficiency and well known integrity. No man in Licking or any other county has a better record for the faithful discharge of his duties than has Jesse W. Hursey. He well deserves a second term and the public interest in Licking county will be conserved by his re-election. Having been such a good and faithful public servant he not only well merits a second term, but he will undoubtedly be re-elected by a good round majority.

Is This "A Closed Incident?"

The American-Tribune has assailed Mr. Ashbrook, the Democratic candidate for Congress, ever since the day of his nomination. One of the paper's personal assaults was made on the 18th of August, on which occasion it charged him with violating numerous temperance pledges, and said:

"Yet do the people of the 17th congressional district desire to have such men as he (Ashbrook) and with such a standard of morality to represent them in congress?"

This injection by the A-T of temperance and morality as an issue into the congressional campaign caused a flutter and no little surprise in the northern portion of the district where people are more familiar with the Republican candidate, the Hon. M. L. Smyser. The A-T. was repeatedly called upon by the Advocate, as well as Wooster papers and others in the district, to give the people a comparison of the "standard of morality" of the two Congressional candidates. As far back as the 29th of August the Advocate demanded that the American-Tribune turn on the lime light in this comparison and show up how the "standard of morality" it was prating about was represented and personified by the Hon. Martin Luther Smyser.

To all this the A-T.'s response has been a mysterious silence. Is this "a closed incident?"

But the paper kept up a sort of guerrilla warfare charging Mr. Ashbrook with violating temperance pledges. This caused the Advocate on September 7th to call the A-T. down again and make the following demand:

"The American-Tribune has from time to time insinuated and asserted that Mr. Ashbrook did by misrepresentation and promises receive the support of many during his candidacy last fall for representative, and then broke faith by voting for or against measures during the last session of the legislature, contrary to campaign pledges. Now, will the A. T. please give the name and address of just one person to whom Mr. Ashbrook promised he would do any one particular act, and then failed to do it?"

To this demand for names and specifications the A-T. has made no answer whatever. It has not named a single person to whom Mr. Ashbrook made pledges that he violated.

Is this, in the language of the A-T., "a closed incident?"

From the stand-pat Republican point of view the fine crops are due to the trust protecting tariff and the low price of wheat to the talk the Democrats are making for revision which will compel the trusts to sell their goods at as low prices to American consumers as they do to foreigners.

How does it come that not a single temperance editorial of the American-Tribune has been reproduced in the Wayne County Republican papers? Doesn't it indicate pretty plainly that raising the "temperance and morality" issue in the Congressional campaign in Smyser's own county would result in a very disastrous boomerang?

The cry of bossism has been raised by independent Republicans high in the confidence of the people of the State. These Republicans have charged that bosses ruled their party with a machine, and this machine organization nominated Speaker Thompson for Secretary of State. The fight against bossism is on and the outlook is that Thompson will feel the effects of it as much as Herrick did last year, which means that the machine candidate for Secretary of State will go down to defeat before the wave of opposition to the system which is sweeping the land.

The American Tribune in attempting to justify its assaults upon Mr. Ashbrook undertakes to make people believe that "If Martin Luther Smyser would promise the temperance people" he would keep his word, etc. But what is the use of injecting such an improbability? Who can imagine that temperance people who know Mr. Smyser would ask him for a pledge? It is certainly a very remote IF.

The Advocate has made no personal attacks on Congressman Smyser, but it has retaliated against the personal assaults the American-Tribune has made upon Mr. Ashbrook, which that paper began on the day he was nominated by the Democracy and has kept up continuously ever since. The Advocate deprecates the sort of warfare the A-T. has introduced in the Congressional campaign, but if Mr. Smyser suffers by the retaliation his organ has provoked, it is not the Advocate that is responsible for what consequences may result.

GOMPERS' FIGHT ON REPUBLICAN CONGRESSMEN
LABOR LEADERS WILL CONDUCT CAMPAIGN FOR THEIR CAUSE IN ILLINOIS.
Gompers and Mitchell Both to Be There in Person to Defeat Labor's Enemies.

Chicago, Sept. 26.—Samuel Gompers, flushed with his victory in giving Congressman Littlefield of Maine, "the fight of his life," arrived in Chicago yesterday. He was greeted by many prominent labor officials, who escorted him to the Briggs House.

There he talked freely of the Maine election and told why organized labor would endeavor to defeat Congressman Mann, of this city, and Speaker Cannon.

Incidentally he denied the report that President Mitchell of the miners, was not in accord with the political policy of the American Federation of Labor.

"I want to say as emphatically as I can that there is not a scintilla of truth in these reports," said President Gompers. "Every item in the political program was adopted unanimously by the executive council. Mr. Mitchell was in hearty accord with them."

"I may also say that Mr. Mitchell came to me and asked where I intended to speak during the campaign. He said he desired to accompany me and talk from the same platform. No, there is no discord. There is perfect harmony in the executive council."

"The political outlook for labor is good," he said. "In Maine we cut down Congressman Littlefield's majority from 5,600 to less than 1,000. That was done notwithstanding that the most prominent leaders in the Republican party stumped the district for Littlefield."

"Then, also, the president of the United States sent letters into the state in which he said Littlefield should be defeated if it would be a national calamity. Besides all this, the Boston and Maine Central railroad, the money power and the trusts flooded the district with money, and used every influence in Littlefield's behalf."

President Gompers then stated that no plan of campaign had yet been made to defeat Speaker Cannon.

"In opposing Cannon we certainly have a good cause," he said. "He has used his enormous power to prevent labor obtaining any recognition. As a member of congress he also exercised every influence against labor measures. He also taught the president's policy on the meat and rate bills. Nothing that he desired got through congress. We will do all we can to defeat him."

ANARCHY REIGNS IN INTERIOR OF CUBA TODAY
URGENT NEED OF THOUSANDS OF UNITED STATES SOLDIERS AND MARINES.
For the Moment the Distressing Political Situation is Almost Forgotten in Cuba.

Havana, Sept. 26.—Urgent is need for thousands of United States soldiers and marines in Cuba. Anarchy reigns throughout the interior and the looting of estates, especially foreigners, is reported in many sections. The announcement of the determination of the government to abdicate, with a view of bringing about American intervention, has caused an outbreak of disorders, and it is believed the worst is still to come. For the moment the distressing political situation is almost forgotten in the fresh troubles, which have arisen from the acts of marauding bands operating in unprotected parts of the country.

During the last fortnight the government has made no pretense of maintaining authority in the provinces. This has given great opportunity for rascals calling themselves insurgents to indulge in petty thieving. With announcing that the government is tottering to its end, anarchy has broken out openly in many sections. Insurgent armies are made up in a great measure of soldiers of fortune and loafers, who welcomed the opportunity to enlist in the anti-government cause, because it insured them a living without the necessity of working. The prospects of intervention by the United States are not encouraging to such men as they see in a restoration of order.

Desertions from the insurgent armies of adventurers and easy livers are frequent and numerous depredations have been committed by them. Reports are to-day pouring into the capital of looting and pillaging on the part of lawless insurgents and so many appeals have been made to the American legation for protection that the American officers do not know which way to turn. It was necessary to have men to protect the estates of Americans that induced Taft to send his call to Roosevelt for additional marines at once. Guerra placed some of the insurgents to guard the various American estates, but little reliance is placed in them. American land owners are demanding marines or soldiers to protect their homes and property. Scant hope is entertained here to-day that there can be any outcome except intervention and the establishment of a provisional government by the American republic.

Should be Taken Up Before Adopting Simplified Spelling, Says Leslie's Weekly.

The alphabet may be reduced to a scientific standard by giving each consonant letter the sound for which it is most commonly employed. In that case b, d, f, g, h, j, k, l, m, n, p, r, s, t, v, w, y, z would each have an unvarying power. The digraphs, ch, th, sh, &c., would follow the same rule; thus, ch, th, sh, ng, would be sounded, respectively, as in cheer, thigh, thy, she, vision, sing. It is not, of course, strictly scientific to represent these simple sounds by means of two letters, but this is a necessary concession, for the sake of making the new method bear the nearest possible resemblance to the present printed page. The learned would be taught to call these digraphs, not by their absurd and misleading historical names, sea-atch, tea-atch, ess-atch, &c., but by their real powers as they are articulated at the end of words.

The vowel signs would retain the powers for which they are most emphatically employed, thus, a, e, i, o, u, as in pat, pet, pit, put, pun. The sound of u, in put, book, &c., would have to be diacritically marked u. If the dot were excluded from the letters i and j, this simple sign could be used as a diacritic mark to indicate the long vowels: thus a, e, i, o, u, as, respectively, in fate, feet, fight, fold, fuel. The three simple long vowels (for which no single letters are provided in the present alphabet), as heard in alms, all, ooze, may be suggestively represented by digraphs: thus, aa, au, oo, as in father, fall, food. These vowel digraphs should never reach the ear of a learner as double-u, ay-you, double-oo, but should be given their true powers, as heard at the beginning of the words alms, all, ooze. The diphthongs heard in the words foil and foul would be represented by oi and ow.

This scheme makes no change in the alphabet beyond dispensing with the useless dot on i and j, and yet it provides for the correct representation of all the sounds of English speech, and a child who should be taught the powers of the letters as thus used would, on learning this phonetic alphabet, be able to correctly pronounce every word in the language.

LICKING.

Word has reached here that James Cook, of Lakeside, died suddenly Tuesday morning. He had been feeling better than usual for several days, though his general health has been poor for some months. He leaves a wife and six children, the eldest, sixteen years of age. They have the sympathy of the entire community.

Engineering Society Organizes—Dr.
Burton Visits Granville After
30 Years Absence—Briefs.

Granville, Sept. 26.—Dr. Ernest D. Burton of the class of '76, Denison, who spent a week recently with his wife and daughter in Granville, found a host of friends after his thirty years absence and made many new ones. His career has been steadily upward since his graduation from Rochester Theological Seminary in 1882. The following year he filled Dr. W. A. Stevens' chair in the Seminary at Rochester during the latter's absence in Palestine. He was then appointed to a similar position at Newton Theological Seminary near Boston; and at the organization of the University of Chicago was chosen head professor of New Testament Interpretation, a position he has held for the past fifteen years. He has published books and edited periodicals of world wide note in theological circles, and as though this were not enough, his genius for administration has led to his appointment as chairman of the building committee of the university, in which position he with the architect, has planned some two million dollars worth of university buildings. Dr. Burton's father and mother were intimately associated with Denison, for Rev. N. S. Burton D. D. and wife were the founders of the Woman's department of Denison in 1859 and Burton Hall, on the Shepardson campus commemorates their notable work. Dr. N. S. Burton was also acting president of the university for a considerable period.

Prof. E. D. Burton, during his visit here, delivered two notable addresses one before the Denison Ministerial Association on "The Field of New Testament Study," and the other in College Chapel before the entire body of students, comparing the Denison and the world of today with those of his graduation time, thirty years ago.

The registration of Denison, taken one week after the opening, shows a total attendance up to that date of 506 students, of whom 283 are young men and 223 young women. This shows an increase of 18 over the registration at the same time last year, which was the largest up to that time. Registration is still going on and considerable numbers enter with the second semester, February 1, and some after the spring vacation. If the percentage of additional registration is as great as last year the total attendance for the year will be nearly 600.

Arrangements have been made whereby an elaborate dinner will be served by the ladies of the Baptist church on Friday, September 28, to commemorate the completion of twenty years of Dr. Baldwin's pastorate of the church.

The Denison University Engineering Society has organized for the year as follows: President, F. M. Robbins; vice president, C. W. Irwin; secretary, W. E. Forsythe; treasurer, A. H. Told; chief engineer, A. H. Ballard; structural, K. J. Campbell; drafting, C. W. Irwin; secretary, C. M. Pense; concrete, F. G. LaRue; mining, F. H. Morton.

The first football game of the season will be pulled off on Beaver Field Saturday, between Denison and Muskingum. Mass meetings are being held every day on Beaver Field, and the new students already have the yell and songs down pretty fine.

"RUSH" WAS AVOIDED.

Granville, Sept. 26.—There came very near being a rush between the freshmen and sophomore classes at Denison last night. It was just one year ago last night when the rush took place here on the college campus. The rush of last year was caused by upper classmen spreading the word among the freshmen and sophomores that the one class intended to whip the other on that evening. It has been the desire of the senior class to win a little fame by establishing a college tradition since they have been unable to make themselves popular in any other way so they began by trying to cause another rush last night, but it was easily avoided by the two lower classes in a conference of their presidents.

So Taggart Case Goes Over Till Next Term—Eight Over Custody of Children.

When, Sept. 26.—The petition in the case of Mrs. Grace V. Taggart against Captain E. P. Taggart in the Circuit court, has been continued to the next term. The object of the petition is to get a hearing of the famous divorce case as to the custody of the two children. Judge Taggart, now on the Circuit bench, was counsel for Captain Taggart in the beginning of the case and is disqualified from hearing the case. As attorneys for Mrs. Taggart had made no motion for another judge there was nothing to do but continue the case.

SOME SMILES

BY GEO. O. BAKER.

WANTED 'EM BACK.
The Barber—Some hair restorer, sir?
Man in Chair—Yes, if it'll restore the
hairs you've just rubbed off.

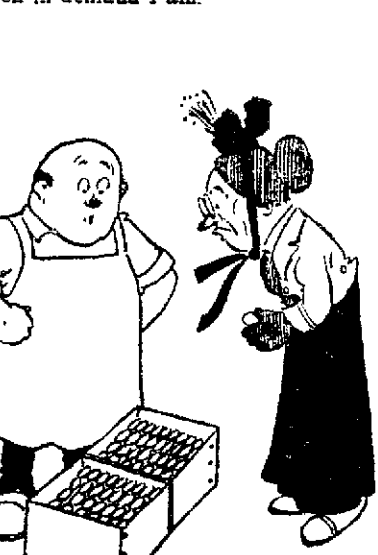

DOES IT?
Advertiser—From your references I see
you've had four places in the last month.
Applicant—Yes, sir; that shows how
much in demand I am.

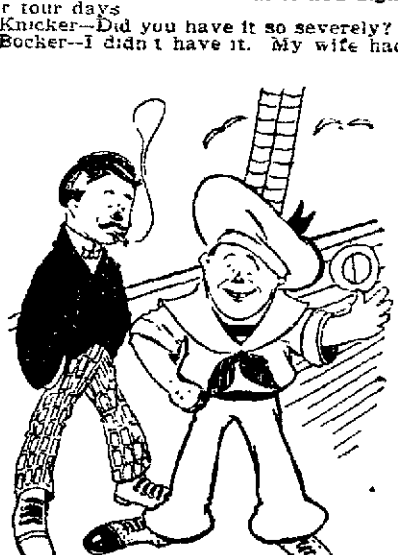

VICTIM ALL RIGHT.
Knicker—You look tired. What's the
matter?
Bocker—I've been a victim to neuritis
for four days.
Knicker—Did you have it so severely?
Bocker—I didn't have it. My wife had.

A SURE THING.
He—Wasn't that you on the piazza last
night?
She—Then I wonder who in the world
I was kissed?
He—You can probably tell by going
there tonight at the same time.

A GROCER THROWN DOWN.
"Don't you believe that these eggs are
fresh?"
"I wouldn't believe it on the affidavit
of the hen that laid them."

SAVOR—THAT'S THE QUARTER DECK.
Mr. L. M. P. Cynthus (looking over war-
ship)—Nothing doing. I've only got a
dime.

financially and otherwise. Early in
the morning people commenced to ar-
rive from every direction except the
sky. By noon or soon after, there
were thousands in the village from
surrounding towns and cities. Col-
umbus, Newark, Pataaskala, Hebron,
Reynoldsburg and Jersey were well
represented. The parade which started
at 11 a. m. contained the sublime and
ridiculous, some competing for the
prize for the finest turn out, others for
the most comic turn out. There were
several commendable features in the
parade, requiring too much space to
mention. A merry-go-round, shooting
gallery, etc., were in full operation,
afternoon and evening. The Best
brass band furnished music during the
day. The exhibits in the several de-
partments were good, the vegetables

and fruits being unusually fine. A
cake walk in which hundreds partici-
pated, was an amusing feature of the
evening. The cake presented, was
over 18 inches in diameter and 15
inches deep and contained 96 eggs be-
side the other necessary ingredients.

From beginning to end the exhibi-
tion was interesting and largely pa-
tronized by a quiet and representative
populace.

intervention. We think the demands
of the Liberals unjust, and that the
United States commissioners are
showing partiality in accepting them."

Mannuel Despaione, the administra-
tor of customs, said: "The Liberal
terms are impossible. The only way
is to fight it out. The government
with 10,000 disciplined troops surely
will be victorious." Senor Despaione
also complained of alleged partiality
of the United States commissioners
for the Liberals, which view is gener-
ally held by the Moderates and gov-
ernment officials.

Senator Zayas, the Liberal leader,
said there were nine points of differ-
ence between the Liberals and the
United States commissioners, but he
regarded these as being easily adjust-
ed. Mr. Taft revised the terms in or-
der to meet the desires of the in-
surgents and Senor Zayas took a copy of
them to the presidio to be considered
by the whole committee. These re-
mained two points on which the Lib-
erals insist, one of them being a prac-
tical form for the dissolution of armed
forces, and the other being general
amnesty for all insurgents.

She came up here, she says, to rest.

She never drives a never walks.

She talks and rocks and rocks and talks.

The other boarders do it away—

She talks and talks a longlong day.
She came up here, she says, to rest.

Holding the best veranda chair,
She carles daily with the sun.

She's traveled—has been everywhere,

She talks the new group up the sky,
She talks the song left to her to st.

She never stops. You'll order her.
She came up here, she says, to rest.

THE SWORD OF WEALTH

New York, Sept. 26.—In "The Sword

of Wealth" by Henry Wilton Thomas
which is just from the press of G. P.
Putnam's Sons, we have a novel of the
magnificent power, a romance which is

HENRY WILTON THOMAS

quite abreast with the complex de-
velopments of the twentieth century.
Since the "Last Lady of Mulberry,"
whose main theme was in the graceful
simplicity of the telling and the mas-
tfully delineation of Italian types in
New York City, Mr. Thomas has pro-
gressed a long way. Nor that the first
story did not possess merits which en-
title him to a respectful place among
American story tellers, but that this,
his latest work, strikes a great deep,
resounding note.

"The Sword of Wealth" is both a
novel of sociology and of great, flam-
ing, turbulent emotions. It is, there-
fore, intensely human, and the appeal,
which is patent from the first line of
its telling, holds the reader until its
glorious finish.

SUCCESSFUL TOUGH GIRL.

New York, Sept. 26.—Miss Mar-
guerite Wheeler, who plays the

touching role with Miss Rose Stahl in
the play "Dora Thorne," has been so suc-
cessful that "Dora Thorne" has been ad-
ded to the list of plays to be per-
formed at the Auditorium.

WHEN IS PLAY SUCCESS?

MISS MAUDE FEALY

Lee Schubert says after all, the
word success, when applied to a play,
spells popular approval.

AMUSEMENTS

BROWN, OF HARVARD.

The most successful of all comedies,
"Brown, of Harvard," is the clif-
fering at the Auditorium for Thurs-
day night. No production in recent
years has attained such immense popu-
larity and it genuine novelty, its plot,
ingenuity of treatment, together with
an acting, singing and dancing com-
pany of theatrical favorites, come for
anything in the make-up of a success-
ful comedy production, no wonder
"Brown, of Harvard," has been so
successful. The comedy is far super-
ior to anything that has been seen
here, and contains an abundance of
genuine wit and humor that is in-
extinguishable and contains more heart-
y laughs, pleasing surprises, song bits,
captivating music than are usually
found in comedy offerings. No at-
traction has been booked by the local
management for the local season with
a more famous reputation and the
success of this production having now
become familiar to well-posted the-
atre-goers, it seems only reasonable
to presume that the Auditorium will
be packed to its capacity when this
delightful mixture of fun, music and
mirth is presented.

BUSTER BROWN'S HOLIDAY.

The cartoon-comedy, "Buster
Brown's Holiday," with chorus, ballet
and handsome stage settings, will be
the attraction at Auditorium Friday
night. The title is widely known,
and almost everyone will recognize
the fact that it is a play founded in
the adventures of that funny little
fellow with the innocent look and
the infinite capacity for mischief that
has been made known in the pages
of the New York Herald. The enter-
prising manager has acquired the sole
right to Buster, including the mem-
bers of his family and his dog, T. G.

"DORA THORNE."

The play of "Dora Thorne," which
has been attracting considerable at-
tention on account of the popularity
of the novel, will be seen here Sept.
26. "Dora Thorne," as a story, is
too well known for comment, but it
must be admitted that the play which
has improved upon the plot to such
an extent that the play is far more
interesting than the book. At Audi-
torium Saturday, matinee and night.

S.S.S. OUR RECORD 40 YEARS OF CURES

There is a familiar saying, and a true one, that "Time proves all things." When a medicine has stood this test for a period of forty years and is then more in popular favor than ever, there is no doubt as to its merits. This is the standard by which S. S. S. has been measured, and its record of forty years of cures fully justifies its popularity as a blood medicine. For nearly half a century this great remedy has been used in the treatment of blood and skin diseases of every character, and so satisfactory have been the results that it is now the best known and most widely used blood medicine in the world. The success of S. S. S. is based upon the fact that it has always done everything claimed for it; it has maintained the confidence of the people because it deserves it. The constantly increasing demand for S. S. S. is the result of the good words spoken of it by those who have been cured of disease by its use, and know from experience that it is the greatest of all blood purifiers. **ITS FORTY YEARS OF EXISTENCE HAVE BEEN FORTY YEARS OF CURES.** For Rheumatism, Catarrh, Scrofula, Chronic Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and all other diseases due to an impure or poisoned condition of the blood, there is nothing that equals S. S. S. It counteracts and drives out the germs and poisons, cleanses the system of all unhealthy matter, cures the disease permanently and restores strong, robust health. Where the blood is weak or anaemic and unable to nourish the body as it should, S. S. S. supplies it with the healthful properties needed, and being a bracing, invigorating tonic it builds up the entire system. It goes down to the very bottom of all blood disorders and in this way reaches deep-seated and inherited cases on which the ordinary sarsaparillas and tonics have no effect. S. S. S. is also an ideal old peoples' remedy, relieving the diseases and discomforts of old age and giving strength and vigor to their declining constitutions. Not only is S. S. S. certain in its results, but it is safe. Being made entirely from roots, herbs and barks of the forests and fields, chosen for their cleansing, healing and building-up properties, it acts gently and pleasantly on the delicate members and tissues of the body. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral ingredient of some kind. If you are in need of a blood remedy do not experiment with unproved medicines, but get S. S. S., the remedy that has the endorsement of millions of people, and one that has proved its worth by its forty years of cures. All sufferers from blood or skin diseases are invited to write our Medical Department, stating their case, and our physicians will take pleasure in giving any medical advice needed, and will send our books on the different diseases. We make no charge for the advice or the books.

Gentlemen:—For several years I was a sick man. Just what was the matter I do not know, but I do know I was indeed a sick man and could get nothing that would bring me out. I tried local doctors, specialists, highly advertised tonics, pills, compounds, and everything that was recommended to me. Last winter my trouble was at its worst. I was unable to work for several months, lost in flesh, had no ambition or energy whatever, and was extremely nervous. I became alarmed as to my condition. I asked a friend of mine what I should do, telling him if I didn't get something shortly to build me up that I would not last much longer. He told me S. S. S. had done him a world of good in some chronic trouble and strongly advised me to begin it. I did so, but must admit with little faith, as I had tried so many things without benefit. Imagine my glad surprise to find I was actually improving after using a few bottles of the medicine. Of course I continued on with the medicine with the result that it put me on my feet again and made me a well man. I believe my blood had gotten very weak and impure, and as a result my general system became so run down and debilitated that I would have given away under it had I not fortunately gotten hold of your S. S. S., the greatest of all medicinal preparations, in my humble opinion.

SENATOR BAILEY STANDS ON RECORD MADE IN CONGRESS

HIS RIGHT TO PRACTICE LAW

Spirited Reply to Political Enemies Made By Texas Senator in Long Statement.

Dallas, Tex., Sept. 26.—A spirited reply to his critics was issued here by Senator Joseph W. Bailey. It is a long statement, from which the following excerpts are taken:

"The Democrats of Texas have not forgotten," says Mr. Bailey, "that this same kind of a fight was made on me when I was first elected to the senate six years ago. After I had won the senatorship in a fair contest before the people, a coterie of dissatisfied politicians made a desperate attempt to defeat my election by the legislature. The present agitation was largely inaugurated by the same men, with some outside assistance, and is predicated on exactly the same transactions."

"The first step in this campaign of malevolence and detraction was to have a purported interview with Roger Sullivan of Illinois assailing me sent broadcast over the country. Mr. Sullivan promptly denounced that interview as a falsehood."

"The next step was to circulate the falsehood that the Tennessee railroad properties, for which I am attorney, belong to the Standard Oil company. Some of the men who are circulating that story know, and all of them could have learned with very little inquiry, that the Standard Oil company had no interest in or connection with these properties, and that they were owned by H. C. Pierce, J. C. Van Blarcom, W. H. Thompson and many other leading business men of St. Louis. The municipality of Nashville itself, in order to provide her people additional and competing railroad facilities, subscribed for \$1,000,000 of the stock of the railroad. The railroad had passed through one receivership and was on the verge of another when I was called into the case. I accepted the employment and performed exactly the same kind of service that would have been expected of any other reputable lawyer. The statement so industriously circulated by some that I 'put \$13,000,000 worth of securities in my pocket to do with them as I pleased' is little less than ridiculous. I did not have \$13 worth of securities in my pockets. Every dollar's worth of bonds of that railroad company were pledged for its indebtedness and it was my task to prevent those who held them from enforcing their liens and sacrificing the securities at a forced sale. That I succeeded in doing this is a matter of great satisfaction to me, as it was to my clients."

"The third step in the process was to pretend that the testimony given by Mr. Pierce disclosed a secret employment of me in connection with those properties. The employment was perfectly proper, and such as any reputable lawyer would have accepted without the slightest hesitation. Not only that, but the newspapers of this state, together with those of St. Louis and Nashville, contained repeated references to those properties and my connection with them. There was never the least attempt to conceal my attorneyship for those properties, nor was there the least reason why it should be concealed. The objection to my employment as the attorney of those properties must proceed upon the theory that a man in public life has no right to pursue any private business, and such a doctrine, if applied to me and to all officers, would reduce the life of this country to a point where only rich men or rascals could afford to accept an office."

"The Congressional Record will show that during my 15 years—first in the house and then in the senate—I have spoken and voted on every important question, and my most malignant enemy can not point to a single speech or vote in the interest of my clients and against the interest of my constituents."

COMMANDS G. A. R.

Editor R. B. Brown of Zanesville, O., and His Army Career.

The new commander in chief of the Grand Army of the Republic, Robert B. Brown, was born in Ohio in 1845 and has always lived in the Buckeye State. At the age of sixteen years he enlisted in the Fifteenth Ohio Infantry and wore the blue uniform until the close of the war between north and south. He was a private in the Fourteenth army corps of the Army of the Cumberland from 1861 to his mustering out in 1864. He then re-enlisted as a veteran, though not quite twenty years of age, and served as a noncommissioned officer until the conclusion of hostilities. Commander Brown has long been active in the work of the Grand Army and was chosen head of the organization by acclamation at the recent national encampment in Minneapolis. About 20,000 of the old soldiers marched through the streets of Minneapolis on the occasion of the annual parade, and many marchers were over-

DELEGATION FROM THIS CITY GOES BEFORE STATE BOARD HEALTH AT COLUMBUS.

Water Is Turned Into Canal from Buckeye Lake to Supply Local Mills and Factories.

A delegation of Newark citizens was present at the meeting of the state board of health, Tuesday, with a strong complaint against the Ohio canal, which runs through this city.

They were before the board to support the petition drawn by Wood & Wood and signed by F. C. King and others, vigorously denouncing the canal as a nuisance.

The petition says, among other things, that "the condition of that frog pond called a canal is a disgrace to the state and a public nuisance, and the putting of water into it is the only cause of its being a nuisance."

It is charged that the canal can only be legally maintained as a navigable waterway; that it is virtually abandoned, being no longer used for commercial purposes. The latter charge is admitted by the state board.

The claim is made that the canal is in an unsanitary condition all the way to the lake. The board denies this charge. It is urged that the use of water power is only a privilege not to be considered at all when the body of water produces unsanitary conditions. The petitioners say it is not a matter of request but of duty on the part of the state board to keep the canal from being a public nuisance.

Health Officer C. B. Hatch of Newark, is cited as saying that the canal in Newark is unsanitary and a nuisance which should be abated. Among other striking statements it is charged that the canal has been abandoned for 25 years "as a public highway for everything but filth."

In conclusion the petitioners appeal to the board saying: "You turn off the water and the pure air in the storms and wind will do the rest free of any expense."

Water is turned into the canal from Buckeye Lake to supply mills and other lessees of water power.
